Guidelines for Registration of Food Support Service Operators

Upon registering with FOOD-CO, food support service operators can benefit more needy people by better utilization of available resources, networks and knowledge to achieve poverty alleviation.

Step 1: Submit application form to FOOD-CO

Food support service operators can fill out the application form through FOOD-CO website.

Step 2: Assessment by FOOD-CO

Upon receiving the application forms, FOOD-CO will contact and visit the food support service operators to understand their actual need and situation to verify the application. Food support service operators have to provide food support service to their users for 3 consecutive months or within 3 months.

Step 3: Commencement of operation

After the assessment by FOOD-CO, food support service operators will be notified of the application result via email. Successful food support service operators can apply for resources via FOOD-CO website or apps. Satisfaction survey and monthly service report have to be submitted to FOOD-CO.
