## Rating System

March 2017

Project funded by :

The food donations will be re-distributed with reference to the following criteria.

1) Infrastructure

Specific food donations will be allocated to food support service operators with proper infrastructure to ensure the quality of food.

Specific food / Infrastructure	Freezer / Refrigerator	Kitchen
Chilled food	✓	✓
Frozen food	✓	✓
Fresh food	✓	✓
Cooked food	✓	✓
Dairy product	✓	

The above criteria do not apply to food support service operators which deliver the food donations to users within 2 hours after their collection.

2) Monthly service report

The monthly service report has to be submitted.

3) Assessment

The food donations are re-distributed to the most suitable food support service operators based on food demand, distance, return rate of questionnaires and preferences of donor.

Items	Score	Remarks
Food demand	40	The food demand is calculated by the successful claiming record and the number of beneficiaries.
Distance	35	The distance between donor and food support service operator
Return rate of questionnaires	15	
Preferences of donor	10	Including: district, target group

The food donations will be redistributed to qualified food support service operators according to the rating system.
